

# 5<sup>th</sup> Annual LA Conference on Computational Biology & Bioinformatics

## *“ Genomics on Earth and in Space ”*

*A presentation by*

**Christopher Mason, Ph. D**

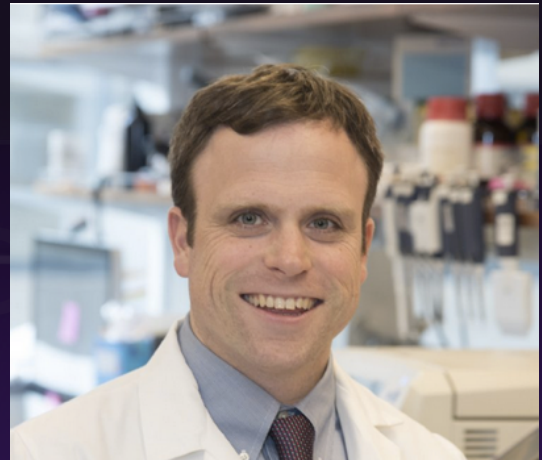

*Xavier University*

*Convocation Center Annex Building*

*New Orleans, LA*

*April 8, 2017*

*2:00 PM – 3:00 PM*

He has won the NIH's Transformative R01 Award, the Pershing Square Sohn Cancer Research Alliance Young Investigator award, the Hirschl-Weill-Caulier Career Scientist Award, the Vallee Foundation Young Investigator Award, the CDC Honor Award for Standardization of Clinical Testing, and the WorldQuant Foundation Research Scholar Award. He has >125 peer-reviewed papers that have been featured on the covers of *Nature*, *Science*, *Cell Host and Microbe*, *Nature Biotechnology*, *Nature Microbiology*, *Neuron*, and *Genome Biology and Evolution*, and cited by the U.S. District Court and U.S. Supreme Court. His work has also appeared on the covers of the Wall Street Journal, the LA Times, TIME, and the New York Times, many media (ABC, NBC, CBC, CBS, Fox, CNN, PBS, NASA, NatGeo). He has co-founded three biotechnology start-up companies and serves as an advisor to many others.
